MANAGEMENT CORNER

Thank you all for your patience and understanding as contractors begin work on Phase 3 of the rehabilitation. We are especially grateful to residents in Buildings 11, 18, 21 and 22 who are closest and most likely to be affected by the rehab in that section. Please accept our apologies for any interruptions to utility service and, rest assured, we are diligently working to improve communication between all parties and provide better information to residents. Please remember to keep a safe distance from the construction sites and help us by not placing trash in the construction dumpsters!
